

How does your organisation make a social and/or environmental **impact** – e.g. for staff, clients, local communities, local and wider ecosystems?

What are your ways of **generating income**?

Do you experience any challenges of making money and making an impact?

In what ways does your organisation **hope** to deepen and widen its impact?

What can you do to balance social/environmental and commercial aims as you grow?

**Future Actions :**

Could we follow up with you later for research? If so, please leave your email address here and let the workshop leaders have a copy:
